# Background Introduction

[ CSSOPE 2016中油管道物资装备总公司展台交流场景 ]

*Sourcing Hub For You, Why China?*

*No.1 Made in China 2025 Plan*

*No.2 One Belt and Road Policy*

*No.3 Multi-billion Dollar Oil & Gas Projects*

Oil prices are likely to remain low for long although recently showed signs of rebounding, under the policy during the 13<sup>th</sup> Five Year Plan and status of industry, transformation and innovation in supply chain management and reduction of total cost of procurement holds the key to a successful sourcing strategy in oil and gas industry. China remains a low cost sourcing destination. Multi-billion dollar oil and gas projects have been lined under the Made in China 2025 Plan and the One Belt and Road policy. China has been a sourcing hub for international giants.

The 7<sup>th</sup> Conference and Exhibition - China Sourcing Summit On Petroleum & Chemical Equipment (**CSSOPE 2017**), to be held on 24-25 May 2017 in Shanghai, will provide an excellent approach for selecting the best equipment and supplier to meet the long-term profit and reliability needs of the buyers. The elite speakers will share insights in the modern sourcing strategy on how to minimize total cost and maximizing total benefit, even their ongoing projects and procurement plan. **CSSOPE 2017** will also provide a top-level overview and detailed insight into China's oil and gas equipment supply capacity. It is an essential summit to meet excellent suppliers for sourcing executives, procurement managers, buyers, traders, EPC contractors from international companies such as Shell, BP, Aramco, Statoil, Total, ConocoPhillips, Petrobras, Reliance Industries Limited, BASF, DOW, Fluor, Aker, Petrofac, Worley Parsons, Technip, MEDCO, PetroChina, Sinopec, and CNOOC Etc. The exhibition is a platform for suppliers to promote their latest technologies and show the products and equipments.

The organizer will repeat the country focus session in the 2017 version of **CSSOPE** due to high demand. So that one-to-one meeting and Meet the Buyer meeting will be arranged for you to communicate with the qualified Chinese suppliers and vendors at **CSSOPE 2017**, and a business tour to top-manufacturing companies in China will be available after the event.
